Special Message to Yacht Club Leaders:

Many of us in the boating community are concerned about the CalFed Bay-Delta Program, which has recently become more visible to the public as a result of several announcements in the press.

Although a major focus of the project has to do with the future ecological health of the Bay and Delta, the ultimate implementation of the plan could have a very negative impact on recreational boating in both the Delta and San Francisco Bay.

We believe it is important that recreational boaters speak up now, so we can influence the planners in ways that will minimize the adverse effects on the sport we enjoy so much. As it turns out, the timing of our input is critical, as the period for "public comment" **expires on July 1, 1998.**

Our professional advisors have helped us create the "sample letter" (actually, a proposed fax) that is printed on the back side of this page. It is intended to "put us on record" with the appropriate authorities about some of our specific concerns. We ask that you quickly get this sample letter into the hands of as many of your members as possible, urging them to create a fax (preferably, on their own letterhead). Faxes should be transmitted (not mailed) to: RBOC, at 916-441-3520, where they will be collected, reproduced, and hand-delivered to the various committee members involved in the Bay-Delta Program.

It is important that when typing your own version of the "form letter," you keep all the issues of concern (bullet-points) the same, for consistency (by the way, for club scorekeepers interested in COTY points, here's a chance to score big-time)!

Remember..... time is of the essence, and do it by fax (not mail).

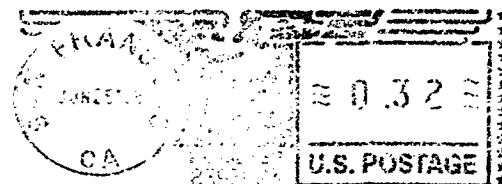

Happy boating,

Tom Allen
